**Sign Up**

2. That's it! You are ready to go with ZooLoo. The “Welcome to ZooLoo” screen that pops up next will prompt you for profile information (upload a picture, birth date, something about you . . . ), but notice that **you can skip this step** if you would prefer:

Welcome to ZooLoo!

### Customize Your Profile

Let's get started by adding some basic information to your profile.

Birthday:

About Me:

**Notice that this information is OPTIONAL!**

3. Your ZooLoo account is all set. The folks at ZooLoo recommend the following 6 steps to get started (we'll provide some more reference material for you on #i, #iii, and #iv):
  - i. [Sync Your Social Networks](#). After all, this is what we wanted, isn't it? A way to avoid logging in to a bunch of different sites?
  - ii. [Add the ZooLoo Share Button](#) to your browser's toolbar.
  - iii. [Create Your First Post!](#)
  - iv. [Edit Your Site](#).
  - v. [Dashboard](#) (add your favorite RSS feeds, etc.)
  - vi. [Explore!](#)
